Teacher Responsibilities

Wake Up/Snack Children should be up by **6:30 am** in order to have a light snack before morning chores. Morning snack should be consumed at the team tables. Our goal is to be dismissing teams by 7:05.

Recreation Time Children will have Recreation Time after lunch clean up **until 1:50**; and directly following afternoon chores **until 5:30**.

Meals

Phone Calls

Phone calls between a child(ren) and home are highly discouraged. This helps reduce homesickness with other children. However, your best discretion is recommended. Please be discrete if a phone call must be placed. Parents are welcome to call the farm office, 802-484-1236, to leave a message which will be relayed to their child.

Prescription Medicine

Teachers or school appointed chaperones are responsible for administering prescription medicine, and documenting as needed. PLEASE be sure that ALL prescription medication come in original packaging, and in sufficient quantities to last the duration of the stay. This includes asthma inhalers and nebulizers if indicated.

We have a medicine cabinet which contains basic over the counter products such as Advil, Benadryl, Band Aids...

“Store” Sales

Cheese and maple syrup products should be ordered by Wednesday morning by using the order sheet to be provided. Other “store items” such as T-shirts and hats may be added before departure. Items range from \$1-\$20.

Students will be helping us with meal clean up. Teachers will also be assigned a meal to be apart of the Table-Helper groups. (The ‘Breakfast Club’, “Lunch Bunch”, and “Dinner Winners” groups also make up our farm activity teams during the day).

Evening Showers

Evening showers are the routine. Limiting children to 5 minute showers ensures all have hot water for their nightly clean up.

Arrival/Departure We encourage a Monday arrival between **12-1PM**, and departure between **10-11AM** on Friday. Please be sure the bus driver uses our directions. GPS puts a large bus on small, dirt roads increasing the chances of getting stuck.

Room Assignments and Chore Teams

Teachers are asked to have the children assigned to bed rooms and chore teams prior to arriving. This will allow for a more efficient use of time on Monday afternoon. We have six bedrooms, sleeping 4 occupants, designated for children. We ask that the entire group is split into three Chore Teams, as equally as possible.

Snacks and Electronics

Upon arrival, we will be collecting ALL snacks and electronics, including phones. Please be sure that students and parents/ guardians are aware of this policy. All electronics and non-perishable food items will be returned by departure on Friday.
